

SMART IMAGING Services

PRICING

Pricing ranges between 6 to 10 cents per page depending on project complexity and volume. High volume or on-going monthly projects are eligible for price breaks. Minimum project is \$650 (total volume)

The **SMART IMAGING** process includes Box ID, box inventory, de-stapling, 2-faced document detection, page orientation, double-page separation and other preliminary steps necessary for proper document scanning. These are very labor intensive steps that can hinder the productivity of a healthcare provider’s staff.

File formatting, field capturing and database search capabilities are customizable based upon customer’s preference and provided at no additional cost. TAT for a project varies with volume. (ex. 100,000 page project will take approximately 10 business days)

Hard copy paper files are picked-up, stored (3 months), delivered or destroyed free of charge.
